

GETTYSBURG, PA.

Monday Morning, Jan. 24, 1859.

NEWS, ETC.

Mr. J. S. Krimback, School Superintendent of Lancaster county, (a graduate of the College and Seminary at this place) died at Lancaster week before last.

Orders have been issued from the War Department, similar to those which were sent to Kansas, pending the trial of the troops, to use the four or five companies of troops now there as posse comitatus to enforce the laws during the present disturbances in that Territory.

The chess match between Paul Morphy and Professor Anderson, at Paris, has resulted in the triumph of the American, as follows: Morphy, 7; Anderson, 2; drawn, 2. It is reported that France has officially informed England of her support if the latter adopts measures to counteract President Buchanan's policy.

The Philadelphia Evening Argus has been changed into a morning paper. The Argus is, as able, spirited, and sound Democratic Journal. We wish it great success.

As an example of the feeling that exists between the Black Republicans and Whigs of Massachusetts, we may mention that an "old line Whig," who had served in the capacity of door-keeper to the Legislature of that State for thirty years, has been put out of office, and a "Republican" appointed in his stead. Old Whigs won't subscribe to Stewardism and must stand aside, say the "Republicans."

The Opposition have troubles enough in their own path, without speculating as to the hindrances which lie in the way of the Democracy. The different lines into which the great Northern Opposition party is broken will reach clamor for a "representative man," in 1860, a candidate to champion their own peculiar views. They may unite in their hatred to the Democracy, but they will separate when called upon to name a candidate for the Presidency.

Two brothers in Maine by the name of Rich, have been lately married to two sisters by the name of Wings, and have removed to Illinois. Thus "riches have taken to themselves wings."

Hannah, a free woman of color, who had been manumitted by Mr. David Jamison, of Shelby county, Tennessee, returned from Ohio, where she was freed, and desired her former master (Mr. Jamison) to take her back into his household as a slave. She expressed her wish in open court, and was closely examined by Judge Caruthers as to her motives for returning to bondage. She spoke clearly and sensibly, saying that she preferred being a slave, and remain in Tennessee, rather than be free in Ohio; that she wanted a kind master to take care of her and provide for her wants. Her wish was gratified.

A correspondent of the Cambridge (Md.) Democrat suggests Vice-President Breckinridge as the Democratic candidate for President, and ex-Gov. Seymour, of New York, for Vice President.

A young, handsome, and hitherto respectable, married lady, of Buffalo, was recently arrested for public intoxication, and sent up for thirty days.

Mr. Philip Josey, aged 120 years, died in New Garden, Russell county, Va., on the 1st of December. A short time before his death he was able to attend to his own household affairs, and one day while in his one hundred and eighty year he cut and split one hundred rails.

Late Havana dates state that the negroes were somewhat unruly, and many of them had been arrested and imprisoned. Two thousand five hundred negroes had been sold to plantations a few days.

General Robles, just chosen President of Mexico, is only twenty-eight years of age. The bill to repeal the ten per cent. interest law of Ohio and establish a seven per cent. rate has been rejected.

The Harrisburg Patriot and Union truly says if our Legislature would enact a law for the express purpose of preventing the manufacture of drugged liquors, with such provisions and penalties as to stop the business of distilling, it would be the greatest reform ever instituted in the State.

The most valuable span of horses in the United States is said to be owned by Commodore Vanderbilt, of New York. They are matched horses. They cost him \$7,000, and he has been offered \$20,000 for them.

Any mark or sign, made by pen or pencil, conveying information, or any memorandum, made upon printed matter, either inside or on the envelope, subjects the whole package to letter postage.

Breakers Ahead. The election of Lawrence to the Speakership of the House at Harrisburg, is said to be a victory of the Straight-Out Know Nothing over the Black Republican wing of the Opposition. Simon Cameron led the Straight-Outs, and is "pitched into" by a number of the McClure organs without mercy. It is now clear that the Opposition in this State—as well as throughout the Union—will have quite enough to do to settle their own troubles, without meddling in the affairs of the Democracy. The fight promises to be interesting to the outsiders when it does take place. As both factions are bad, we don't care much which whips.

It was thought that Corrie's trial, in Baltimore county, would be concluded on Saturday last. The trial of the Funks, for murder, at Chambersburg, was to take place during the latter part of last week.

John Gibbons, of Chambersburg, Pa., while standing near a large fire at the blacksmith shop of Mr. S. Funk, in a state of intoxication, on Tuesday, fell into the fire, and was so severely burned that his life is despaired of.

LEGISLATIVE.

The Legislature was largely occupied, with private bills last week.

Judge Bell has introduced in the Senate a bill to amend the existing laws relating to evidence. It removes the disability of a witness, by reason of having been convicted of felony; provides that no person shall be excluded from testifying in any judicial proceedings by reason of any interest he may have in the event of the suit; that a party to the record may be examined as if under cross examination, at the instance of the adverse party, and other important alterations in the existing rules of evidence.

In the House, on Monday, Mr. Walker presented a petition from the commissioners, auditors and others of Somerset county, praying that the number of road and bridge viewers in said county may be reduced to three persons, one of whom shall be a practical surveyor.

Both Houses met in joint convention on Monday, and proceeded to the election of State Treasurer. Eli K. Slifer, known Nothing Republican, received 65 votes, and H. S. Magraw 29 votes. Mr. Slifer was declared elected.

On Monday last, Mr. Durborn presented to the House a petition in favor of the passage of a bill to authorize certified copies of records of insurance companies to be admitted as evidence.

On the same day, he also read in place a bill in accordance with the prayer of the petitioner.

In the House, on Tuesday, the special committee appointed on the Tariff resolutions previously offered, made report—thus:

Resolved, That our Senators in Congress be instructed, and our Representatives requested, to labor for the passage (at the present session) of such an act as will not only tend to increase the revenue by the imposition of duties, but afford ample encouragement to all the interests of the country, injured by the productions of the cheap labor of other nations; but more especially to urge an increase of duties on coal and iron, in which a portion of our own people are deeply interested.

Resolved, That the views of the President expressed in his late annual message in reference to the advantage of definite or specific duties over ad valorem duties, as more uniform, less liable to frauds, and affording the most certain and uniform amount of revenue, meet our hearty approbation.

After some discussion the resolutions were adopted—yeas 92, nays 2—those voting in the negative stating that they were opposed to interfering with national questions in the House.

The Senate passed the resolutions unanimously on Wednesday.

FROM WASHINGTON. Many of the Opposition members of Congress are desirous of having the Tariff question this winter, so that they may make another electioneering lobby out of it at the next election.

A dispatch from Washington states that the Democratic members from this State recently held a meeting to consider the subject of a revision of the Tariff. Senator Bigler presided. They endorsed the President's views, and appointed a committee, composed of four persons, namely, Messrs. Jones, Reilly, Dewart and Montgomery—to attend to the business and call the delegation together when necessary. This action on the part of the Pennsylvania Democratic delegation, will no doubt have a great influence and will go far to procure the desired object.

The Naval Committee of the Senate has reported a bill providing for the construction of ten screw sloops-of-war of light draught, with heaviest armament, and capable of greater speed.—The need of this much desired accession to our naval force must be conceded on all hands.

Proposed New Territories. An unusual number of applications are pending before Congress for the formation of new Territories out of portions of that vast domain stretching from the borders of civilization to the Pacific Ocean. At least six of these applications are prominent. It is proposed to form a Territory out of the western half of what was originally the Territory of Minnesota, which, upon the formation of the State, was left without a government. "ARIZONA" has been a delegate to Congress, who is endeavoring to have it recognized as a Territory. It is a combination of the southern part of New Mexico with the Mesilla Valley, and has acquired great importance of late from the discovery of gold on the Gila river. "NEVADA" is the western part of Nebraska. "SC. PENNOR," or Outregon, is a proposed new Territory to be formed out of the upper peninsula of Michigan. That State is disposed to get rid of it if possible. Its geographical position more nearly allies it with the State of Wisconsin. "COLONA" is another applicant for a Territorial government, and embraces the recently discovered regions of Pike's Peak.

Most of these propositions, says the Harrisburg Patriot and Union, are of course mere suggestions, without any particular merit or immediate and pressing necessity requiring that they should be acted upon. One or two of them may be favorably received at this session. But it is evident that the question of dividing the public domain into Territories, which are but the germs of future States, may before long become one of great importance.

Judge S. M. Black, of Pittsburgh, has been nominated for the Governorship of Nebraska.

Local Affairs.

THE MAILS.

From the obliging Postmaster at this place, Mr. PROCTOR OATES, the following information in regard to the arrival and departure of the Mails, is derived:

Mail for Baltimore leaves daily at 7 A. M., and arrives at 12 P. M.

Mails for Philadelphia, York, Hanover and New Oxford leave daily at 7 A. M., and arrive at 7 P. M.

Chambersburg leaves daily at 6 A. M., and arrives at 6 P. M.

Littlestown leaves daily at 5 A. M., and arrives at 8 P. M.

Emmitsburg leaves daily at 1 P. M., and arrives at 8 P. M.

Harrisburg leaves Tuesday, Thursday and Saturday at 6 A. M., arrives Monday, Wednesday and Friday at 3 P. M.

Hagerstown leaves Tuesday, Thursday and Saturday at 7 A. M., arrives Monday, Wednesday and Friday at 6 P. M.

Hanoverstown leaves Tuesday, Thursday and Saturday at 7 A. M., arrives same day at 3 P. M.

Menallen leaves Tuesday and Saturday at 7 A. M., arrives same days at 3 P. M.

JOSEPH DEANSTON, insane, escaped from the State Asylum at Harrisburg on the 22d of December last, since which time nothing has been heard of him by his distressed family, residing in Butler township, Adams county.

We describe him as about five feet eight inches in height, heavy boned, with black hair and black eyes, the end of one thumb off, (from a felon), a large mark on the neck, (from a scald), a large scar high up on the forehead, (from a bruise), front teeth in upper jaw decayed, and is about 45 years of age. Had on when he left the Asylum, as is supposed, a grey mixed striped short coat, and mixed heavy cotton drilled pantaloons.

FIRST DOLLARS will be given by the family for information of his whereabouts if alive, or the discovery of his body if dead. Information to be communicated to the Editor of The Compiler, Gettysburg, Pa.

SAD CASE OF BURNING. An interesting child, GEORGE C., son of JACOB and MARGARET STRICKLAND, of this place, was so shockingly burned, on Monday afternoon last, by his clothing accidentally taking fire, as to cause death in a few hours.

The child was three years and three months of age, and had been left under the care of an older sister while the mother went out on a shopping errand to a neighboring store.—The sister was amusing her little brother by making paper dolls, but leaving him for a moment to go to the gate to look for her mother's return, the little boy, it is supposed, went so near the stove as to cause the papers to take fire, and by the time the sister returned his clothing was in a blaze.—Her screams soon attracted several of the neighbors, who succeeded in putting out the flames with a vessel of water. A most heart-rending scene was presented to the mother, who in a few moments returned. Medical aid was summoned, but without avail. The child was cheerful to the last, reaching out his little hands to his mother, saying, "Look there—look there! Do you see them?" as though he saw angels hovering above him, beckoning and ready to bear him to that vast throng of little ones around the Throne. He died about 1 o'clock next morning, ten hours after the burning.

"As the bird to his sheltering nest, When the storm on the hills is abroad, So his spirit hath flown from this world of un-rejoice to the bosom of God." [rest.]

LECTURE. The next Lecture before the Y. M. C. A., will be delivered next Friday evening, at 7 o'clock, in St. James' Church, by Prof. M. L. STREVER, subject—"The Cultivation of a Taste for Reading."

R. G. HARRIS, Esq., delivered the Lecture on Friday evening last, in Christ Church—on "Female Excellence."

REGULAR. The running on our Railroad is now gratifyingly regular, the trains making all the connections at the Junction. The Postmaster General last week ordered a through mail from Baltimore to Gettysburg, which the delay previously caused at Hanover by the changing of the mail has been avoided. The arrangement is an admirable one, and insures the making of the trip between this and Baltimore in four hours. The business of the Road is still on the increase.

MARKETING. We are requested to state, for the information of market-men, that a special car is loaded at the Company's Warehouse here, with marketing for Baltimore, every Tuesday. The car is taken through as speedily as possible.

A NEW MILITARY COMPANY. The citizens of McSherrytown, in this county, have organized a military company, to be called the Scott Riflemen. A very handsome uniform has been adopted and a sufficient number of members enrolled to give assurance of success. We doubt not that the Scott Riflemen will prove an ornament and honor to their town and State.

During the past week we were favored with a goodly number of new names to our list, and some "material aid" from delinquent subscribers. "For this, and the many warm wishes for the increased prosperity of the old time-tried Compiler, we are very heartily thankful."

We have still to complain, however, that many who should have, and were expected to, pay last week, failed to do so. "Delays are dangerous."

An advertisement of Messrs. HOOK & BALDWIN, Baltimore, will be found in a subsequent column; and we call the attention of our merchant readers to it. With a large stock—embracing everything in their line—and accommodating terms, they are of course doing a large business, but are prepared to do any amount more. Give them a call, and you will warrant goods and prices will be found highly satisfactory.

Messrs. BEWES, SCHULL, WOLF, DORNBOLW, Wm. S. PICKING and JOHN PICKING, at Harrisburg, have our thanks for public documents.

To Hon. NIMON STRICKLAND, Canal Commissioner, we are indebted for a copy of the Canal Commissioners' Report.

Mr. MOSES ZIMMER, of Hanington township, the past season, realized 40 gallons of an excellent article of Molasses from a quarter of an acre of Sugar Cane. It will pay if properly cultivated and manufactured.

The Engine House and Passenger Station at Littlestown are nearly completed.

JANUARY COURT.

A large amount of business was done by the Court last week. President Judge FURMAN and Associates ZIMMER and WIERMAN on the Bench.

COMMON PLEAS. School District of Hanington vs. Jacob A. Gardner.—Appeal by Defendant from the Report of the Auditors of Hanington township. The Board of Auditors had disallowed certain Orders issued by the Board of School Directors, and paid by Mr. Gardner, as Treasurer, amounting to \$282 11, from which decision defendant appealed. Under the instructions of the Court the Jury rendered a verdict for defendant—it being the duty of the Treasurer to pay all properly authenticated Orders issued by the School Board. The Auditors erred in disallowing them.

Bernard Devine vs. Samuel Ferguson.—Appeal from Judgment of Justice of the Peace. Dr. pleads the statute of limitation in bar of Plaintiff's claim. Plaintiff failing to bring his claim within the statute, Judgment for Defendant under the instructions of the Court.

Simon S. Bishop vs. Littlestown Railroad Company.—Appeal from award of Viewers, the action being for damages by the Littlestown Railroad passing over lands of Plaintiff.—Verdict for Plaintiff for \$235 50.

Titus S. Eckert was divorced from Catherine Eckert, on application of the former—the respondent, Catherine Eckert, to pay the costs.

QUARTER SESSIONS. Commonwealth vs. Geo. Fleming, John Martin, John Dixon, Joseph Lingsfelter, Charles Martin, Peter Miller, Geo. Owens. Indictment for Riot at New Oxford on night of Dec. 28, 1853. Verdict—Guilty. Court sentenced Joseph Lingsfelter to 1 year imprisonment in County Jail; Geo. Fleming, John Martin, Geo. Owens, and Charles Martin, 9 months imprisonment; Peter Miller and John Dixon, 6 months imprisonment. All the defendants to give security to keep the peace for three months after the expiration of imprisonment.

Commonwealth vs. John Mackley. Assault with intent to Ravish. Jury called, but the Prosecutor, C. Matilda Mackley, failing to appear, a verdict of Not Guilty was rendered.

Commonwealth vs. Henry Bitter. Furling liquor on Sunday.—Verdict, Guilty. Motion for a new trial.

Commonwealth vs. Henry Bitter. Willful furnishing liquor to persons of known intemperate habits. Verdict, Guilty. Motion for a new trial.

Commonwealth vs. Henry Camper. Assault and Battery upon Mary Brown. Verdict, Guilty—and sentenced to three months in the County Jail, to pay a fine of ten dollars and the costs, and give security in a bond of \$100 to keep the peace for one year.

Commonwealth vs. Mary Shultz. Perjury on the information of Margaret Gradel. Bill ignored by Grand Jury, and Prosecutor ordered to pay the costs.

Commonwealth vs. George Mibm. Malicious Mischief, on information of George Folk (Union township). Verdict, Not Guilty—County to pay the costs.

Commonwealth vs. Alfred Palm and Margaret Devid, (both colored). Larceny of property of Mrs. Shultz. Verdict, Guilty as to Palm—Not Guilty as to Devid. Palm sentenced to solitary confinement at hard labor in the Eastern Penitentiary for one year and three months, and pay the costs.

Commonwealth vs. Abraham Trosle.—Assault upon Emanuel Ziegler, of J. Verdict, Guilty, and Defendant to pay a fine of five dollars and the costs.

Commonwealth vs. Emanuel Ziegler, of J. Surety of the Peace, on oath of Abraham Trosle. Court dismissed the case, and Prosecutor, Abraham Trosle, to pay the costs.

Commonwealth vs. Abraham Trosle. Surety of the Peace, on oath of Emanuel Ziegler, of J. The Court dismissed the case, and ordered the Defendant, Abraham Trosle, to pay the costs.

Wm. K. Gallagher was appointed Tip State, in place of Hugh M. Craig, deceased. Court adjourned on Saturday morning.

A HORSE TURNED DRIVER. On last Wednesday, a farmer drove his horse and wagon into the rear of McClellan's Hotel—unhitched and tied the animal to the wagon to feed. The horse, as though not satisfied with this, stepped up into the wagon box, and took his dinner there—signifying that he had eaten horse long enough, and now desired his master to occupy the shafts in return. But, a crowd of wondering and amused persons collecting to witness this altogether novel "exhibition," his horsemanship became somewhat astonished, and deliberately stepped out of the wagon, taking his usual place, beside the wheel. The top of the wagon-box was nearly as high as the horse, and it is marvellous that he got up and down without injury to himself or the wagon.

There is a difference of opinion as to the horse's "motive." Some taking his usual place, beside the wheel. The top of the wagon-box was nearly as high as the horse, and it is marvellous that he got up and down without injury to himself or the wagon.

FATALITY AMONGST CHILDREN. We regret to record the fact that during the past and present weeks a virulent form of measles has prevailed in our town and neighborhood. In numerous instances medical treatment the most experienced and skillful has been unavailing to break the power of the malady, and prevent a fatal termination of the attack. We hear of many deaths of this disease—three in one family. In other respects our town is remarkably healthy.—Hanover Spectator.

SOMETHING NEW. Our lady readers are supposed to be as ready to read the "loom" or "home" column of our paper as any other part, therefore we notice here a new institution for their benefit which has been lately brought into vogue in New York city. It is a mysteriously combined corset and bustle and skirt-supporter, all in one piece, the invention of an ingenious Frenchman in this country, for which a patent was granted last week. It is a corset with a basque prolongation, which is flaring and stiff with whalebone for a bustle. This arrangement is handier to manage, more comfortable to wear, and looks better outside than any other; it makes the bustle become a portion of the figure, and gives the possibility of a display of elegance of figure, if the wearer has any. Detachable shoulder straps complete the garment.

The property lately owned by John Gaylin, Esq., located between the Magnesian and Chambersburg roads, has been sold by the agent of CONRAD BAYNE, Esq., to JOHN HENRY, Esq., and Mrs. HANNAH HENRY, for \$2,000.

LITTLESTOWN RAILROAD.

EXTRACT FROM REPORT OF THE PRESIDENT AND DIRECTORS OF THE Littlestown Railroad Company to the Stockholders, presented to them Monday, the 10th day of January, 1859, showing the entire cost of its construction from the time of its commencement to the present period, with an exhibit of the cost of working it during the past six months, and its earnings during that period.

Expenses of location, \$219 30
Land damages, 6,380 67
Grading and masonry, 11,113 44
Ties, 6,159 63
Iron rails, 30,110 67
Iron bolts, 1,425 55
Freight on rails, etc., 980 17
Salaries and Directors' pay, 2,641 23
Track-laying, 2,950 00
Extra (cattle guards, culverts, etc.), 638 29

Leaving a balance of \$71,206 00
Total expenditures, \$97,861 89
A full and liberal allowance for bills unsettled and land damages yet to be disposed of will make the entire cost of the road including everything, something less than \$125,000 00
Amount rec'd from stock, \$42,000 00
From bonds, 20,000 00
Amount of stock due and unpaid, 9,500 00

Leaving the whole amount of floating debt if the whole amount of stock is paid, \$3,494 00
In the stock remaining unpaid is included between \$2,000 and \$3,000 of notes not yet due.

On the 1st of July last Trains commenced passing over the road for the conveyance of freight and passengers—it has consequently been in operation six months. During these six months there has been a total production of business of every description, not confined to a single neighborhood, but felt deeply in every community. The grain crops of the past season almost an entire failure—this failure bringing with it the country among those who are the main props and supports of Railroads a scarcity of money almost unprecedented. Improvements in building, in enriching the soil, in doing of every kind, have received a sudden check. The iron business, on which the earnings of this road are in a great measure expected to depend, has suffered perhaps more than any other. The continued rains of the past two months, with occasional frosts and thawing of the ground, have left the country roads to the town in such a miserable condition as to render it almost impossible for farmers and others to bring their produce to market, and take with them in return lime, coal, lumber, or other articles of this description, carried over the road. This, therefore, readily accounts for the falling off in the earnings of the road during the months of November and December. Still whilst everything seems to have combined to create difficulties in the way of the earnings of the road during its short existence, the result is such during this period, as to inspire its friends with hope, that as business revives and prosperity once more smiles upon the land, it will share in the general prosperity and meet the expectations of its most sanguine friends.

By order of the Board,
WM. McSHERRY, Pres't.

OUR NEIGHBORS. The new Methodist E. Church in Hanover was dedicated yesterday week. The attendance, of all denominations, was large. The edifice is of good size, and capitable to the congregation. Several other new buildings were put up in that place last season, in good style—and it is to be hoped that this spirit of enterprise may continue to manifest itself. There was talk of a switch from that place to the Gettysburg Railroad—distance about 1 1/2 miles—but whether in real earnest, we are not prepared to say.

In Petersburg, (Y. S.), handsome improvements are also noticeable. The (iron-front) store building of Mr. JACOB A. GARDNER is nearly completed; Mr. EMMANUEL HENRY'S is done, and soon occupied by him; Mr. AROLD GARDNER'S new house is one of the best in the county, with highly ornamental and attractive grounds. The new School House is finished, and the schools have been removed into it.—Mr. MORT has built a fine addition to the York Springs buildings.

The planet Venus can now be distinctly discerned in the day time, when not obscured by clouds. It passes the meridian about 10 1/2 o'clock, at an elevation of a few degrees higher than the sun at mid-day.

The Wrightsville, York and Gettysburg Railroad Company have declared a dividend of \$1 1/2 per share for the past year, payable on and after the 1st inst.

NEWS, ETC.

Rev. J. S. Krumpholtz, School Superintendent of Lancaster county, (a graduate of the College and Seminary at this place), died at Lancaster week before last.

Officers have been issued from the War Department similar to those which were sent to Kansas, pending former troubles, namely:—to use the four or five companies of troops now there as *posse comitatus* to enforce the laws during the present disturbances in that Territory.

The chess match between Paul Murphy and Professor Anderson, at Paris, has resulted in the triumph of the American, as follows: Murphy, 7; Anderson, 2; drawn, 2.

It is reported that France has officially informed England of her support if the latter adopts measures to counteract President Buchanan's policy.

The Philadelphia Evening Argus has been changed into a morning paper. The Argus is an able, spirited, and sound Democratic journal. We wish it great success.

As an example of the feeling that exists between the Black Republicans and Whigs of Massachusetts, we may mention that an "old line Whig," who had served in the capacity of door-keeper to the Legislature of that State for thirty years, has been put out of office, and a "Republican" appointed in his stead. Old Whigs won't subscribe to Sewallism and must stand aside, say the "Republicans."

The Opposition have troubles enough in their own path, without speculating as to the hindrances which lie in that of the Democracy. The different times into which the great Northern Opposition party is broken will each clamor for a "representative man," in 1860, a candidate to champion their own peculiar views. They may unite in their hatred to the Democracy, but they will separate when called upon to name a candidate for the Presidency.

Two brothers in Maine by the name of Rich, have been lately married to two sisters by the name of Wings, and have removed to Illinois. Thus "riches have taken to themselves wings."

Hannah, a free woman of color, who had been manumitted by Mr. David Jamison, of Shelby county, Tennessee, returned from Ohio, where she was freed, and desired her former master (Mr. Jamison) to take her back into his household as a slave. She expressed her wish in open court, and was closely examined by Judge Caruthers as to her motives for returning to bondage. She spoke clearly and sensibly, saying that she preferred being a slave, and remain in Tennessee, rather than be free in Ohio; that she wanted a kind master to take care of her and provide for her wants. Her wish was gratified.

A correspondent of the Cambridge, (Md.) Democrat suggests Vice-President Breckinridge as the Democratic candidate for President, and ex-Gov. Seymour, of New York, for Vice President.

A young, handsome, and hitherto respectable, married lady, of Buffalo, was recently arrested for public intoxication, and sent up for thirty days.

Mr. Philip Jessup, aged 120 years, died in New Garden, Russell county, Va., on the 1st of December. A short time before his death he was able to attend to his own household affairs, and one day while in his one hundredth year he cut and split up hundred rails.

Late Havana dates state that the negroes were somewhat unruly, and many of them had been arrested and imprisoned. Two thousand five hundred knives had been sold to them during a few days.

General Robles, just chosen President of Mexico, is only twenty-eight years of age.

The bill to repeal the ten per cent. interest law of Ohio and establish a seven per cent. rate has been rejected.

The Harrisburg Patriot and Union truly says if our Legislature would enact a law for the express purpose of preventing the manufacture of drugged liquors, with such provisions and penalties as to stop the business effectually, it would be the greatest reform ever instituted in the State.

The most valuable span of horses in the United States is said to be owned by Commodore Vanderbilt, of New York. They are matched horses. They cost him \$7,000, and he has been offered \$20,000 for them.

Any mark or sign, made by pen or pencil, conveying information, or any memorandum, made upon printed matter, either inside or on the envelope, subjects the whole package to letter postage.

Brokers Ahead.

The election of LAWRENCE to the Speakership of the House at Harrisburg, is said to be a victory of the Straight-Out Know Nothing over the Black Republican wing of the Opposition. Simon Cameron led the Straight-Outs, and is "pitched into" by a number of the McClure organs without mercy. It is now clear that the Opposition in this State—as well as throughout the Union—will have quite enough to do to settle their own troubles, without meddling in the affairs of the Democracy. The fight promises to be interesting to the outsiders when it does take place. As both factions are bad, we don't care much which whips.

It was thought that Corrie's trial in Baltimore county, would be concluded on Saturday last. The trial of the Funks, for murder, at Chambersburg, was to take place during the latter part of last week.

John Gibbons, of Chambersburg, Pa., while standing near a large fire at the blacksmith shop of Mr. S. Funk, in a state of intoxication, on Tuesday, fell into the fire, and was so severely burned that his life is despaired of.

LEGISLATIVE.

The Legislature was largely occupied, with private bills last week.

Judge Bell has introduced in the Senate a bill to amend the existing laws relating to evidence. It removes the disability of a witness, by reason of having been convicted of felony; provides that no person shall be excluded from testifying in any judicial proceedings by reason of any interest he may have in the event of the suit; that a party to the record may be examined as if under cross examination, at the instance of the adverse party, and other important alterations in the existing laws of evidence.

In the House, on Monday, Mr. Walker presented a petition from the commissioners, auditors and others of Somerset county, praying that the number of road and bridge viewers in said county may be reduced to three persons, one of whom shall be a practical surveyor.

Both Houses met in joint convention on Monday, and proceeded to the election of State Treasurer. Eli K. Slifer, Know Nothing Republican, received 65 votes, and H. S. Magraw 29 votes. Mr. Slifer was declared elected.

On Monday last, Mr. Dyerboraw presented to the House a petition in favor of the passage of a bill to authorize certified copies of records of insurance companies to be admitted as evidence. On the same day, he also read in place a bill in accordance with the prayer of the petitioner.

In the House, on Tuesday, the special committee appointed on the Tariff resolutions previously offered, made report—thus:

Resolved, That our Senators in Congress be instructed, and our Representatives requested, to labor for the passage (at the present session) of such an act as will not only tend to increase the revenue by the imposition of duties, but afford ample encouragement to all the interests of the country, injured by the productions of the cheap labor of other nations; but more especially to urge an increase of duties on coal and iron, in which a portion of our own people are deeply interested.

Resolved, That the views of the President expressed in his late annual message in reference to the advantage of definite or specific duties over a *valorem* duties, as more uniform, less liable to frauds, and affording the most certain and uniform amount of revenue, meet our hearty approbation.

After some discussion the resolutions were adopted—yeas 92, nays 2—those voting in the negative stating that they were opposed to interfering with national questions in the House.

The Senate passed the resolutions unanimously on Wednesday.

FROM WASHINGTON.

Many of the Opposition members of Congress are desirous of staying off the Tariff question this winter, so that they may make another electioneering lobby out of it at the next election.

A dispatch from Washington states that the Democratic members from this State recently held a meeting to consider the subject of a revision of the Tariff. Senator Bigler presided. They endorsed the President's views, and appointed a committee, composed of four persons, namely, Messrs. Jones, Reilly, Dewart and Montgomery—to attend to the business and call the delegation together when necessary. This action on the part of the Pennsylvania Democratic delegation, will no doubt have a great influence and will go far to procure the desired object.

The Naval Committee of the Senate has reported a bill providing for the construction of ten screw sloops-of-war of light draught, with heaviest armament, and capable of greater speed. The need of this much desired accession to our naval force must be conceded on all hands.

Proposed New Territories.

An unusual number of applications are pending before Congress for the formation of new Territories out of portions of that vast domain stretching from the borders of civilization to the Pacific Ocean. At least six of these applications are prominent. It is proposed to form a Territory out of the western half of what was originally the Territory of Minnesota, which, upon the formation of the State, was left without a government. "ARIZONA" has elected a delegate to Congress, who is endeavoring to have it recognized as a Territory. It is a combination of the southern part of New Mexico with the Mesilla Valley, and has acquired great importance of late from the discoveries of gold on the Gila river. "NEVADA" is the western part of Utah. "LARABIE" is the western part of Nebraska. "SENEGAL" or "OUTONAGON," is a proposed new Territory to be formed out of the upper peninsula of Michigan. That State is disposed to get rid of it if possible. Its geographical position more nearly allies it with the State of Wisconsin. "COLONIA" is another applicant for a Territorial government, and embraces the recently discovered regions of Pike's Peak.

Most of these propositions, says the Harrisburg Patriot & Union, are of course mere suggestions, without any particular merit or immediate pressing necessity requiring that they should be acted upon. One or two of them may be favorably received at this season. But it is evident that the question of dividing the public domain into Territories, which are but the germs of future States, may before long become one of great importance.

Judge S. W. Black, of Pittsburgh, has been nominated for the Governorship of Nebraska.

INFORMATION WANTED.

JOSEPH DEARBORT, insane, escaped from the State Asylum at Harrisburg on the 22d of December last, since which time nothing has been heard of him by his distressed family, residing in Butler township, Adams county. We describe him as about five feet eight inches in height, heavy boned, with black hair and black eyes, the end of one thumb off (from felon), a large mark on the neck (from an ulcer), a large ear high up on the forehead (from a louse), front teeth in upper jaw decayed, and is about 45 years of age. Had on when he left the Asylum, as is supposed, a grey mixed satinet coat, and mixed heavy cotton drilled pantaloons.

For Dollars will be given by the family for information of his whereabouts if alive, or the discovery of his body if dead. Information to be communicated to the Editor of The Compiler, Gettysburg, Pa.

SAD CASE OF BURNING.

An interesting child, George C., son of JACOB and MARGARET STRICKLAND, of this place, was so shockingly burned, on Monday afternoon last, by his clothing accidentally taking fire, as to cause death in a few hours. The child was three years and three months of age, and had been left under the care of an elder sister whilst the mother went out on a shopping errand to a neighboring store. The sister was amusing her little brother by making paper dolls, but leaving him for a moment to go to the gate to look for her mother's return, the little boy, it is supposed, went so near the stove as to cause the papers to take fire, and by the time the sister returned his clothing was in a blaze. Her screams soon attracted several of the neighbors, who succeeded in putting out the flames with a vessel of water. A most heart-rending scene was presented to the mother, who in a few moments returned. Medical aid was summoned, but without avail. The child was cheerful to the last, reaching out his little hands to his mother, saying, "Look there—look there! Do you see them?" as though he saw angels hovering above him, beckoning and ready to bear him to that vast throng of little ones around the Throne. He died about 1 o'clock next morning, ten hours after the burning.

"As the bird to its sheltering nest,
When the storm on the hill is abroad,
So his spirit shall flow from this world of woe
To repose on the bosom of God!" [rest.]

LECTURE.

The next Lecture before the Y. M. C. A., will be delivered next Friday evening, at 7 o'clock, in St. James' Church, by Prof. M. L. Stover, subject—"The Cultivation of a Taste for Reading."

R. G. HARPER, Esq., delivered the Lecture on Friday evening last, in Christ Church—on "Female Excellence."

REGULAR.

The running on our Railroad is now gratifyingly regular, the trains making all the connections at the Junction. The Postmaster General last week ordered a through mail from Baltimore to Gettysburg, since which the delay previously caused at Hanover by the changing of the mail has been avoided. The arrangement is an admirable one, and favors the making of the trip between this and Baltimore in four hours. The business of the Road is still on the increase.

MARKETING.

We are requested to state, for the information of market-men, that a special car is loaded at the Company's Warehouse here, with marketing for Baltimore, every Tuesday. The car is taken through as speedily as possible.

A NEW MILITARY COMPANY.

The citizens of McSherrystown, in this county, have organized a military company, to be called the Scott Riflemen. A very handsome uniform has been adopted and a sufficient number of members enrolled to give assurance of success. We doubt not that the Scott Riflemen will prove an ornament and honor to their town and State.

During the past week we were favored with a goodly number of new names to our list, and some "material aid" from delinquent subscribers. "For this, and the many warm wishes for the increased prosperity of the old time-tried Compiler, we are very heartily thankful."

We have still to complain, however, that many who should have, and were expected to pay last week, failed to do so. "Delays are dangerous."

An advertisement of Messrs. Hook & Baldwin, Baltimore, will be found in a subsequent column, and we call the attention of our merchant readers to it. With a large stock embracing everything in their line—and accommodating terms, they are of course doing a large business, but are prepared to do any amount more. Give them a call, and we will warrant goods and prices will be found highly satisfactory.

Messrs. BUEKING, SCHILL, WOIT, DUBORAW, Wm. S. PICKING and JOHN PICKING, at Harrisburg, have our thanks for public documents.

To Hon. NATHAN STRICKLAND, Canal Commissioner, we are indebted for a copy of the Canal Commissioners' Report.

Mr. MOSES ZIEGLER, of Huntingtown, the past season, realized 40 gallons of an excellent article of Molasses from a quarter of an acre of sugar cane. It will pay if properly cultivated and manufactured.

The Engine House and Passenger Station at Littlestown are nearly completed.

JANUARY COURT.

A large amount of business was done by the Court last week. President Judge FISHER and Associates ZIEGLER and WIEMAN on the Bench.

COMMON PLEAS.

School District of Huntingtown vs. Jacob A. Gardner—Appeal by Defendant from the Report of the Auditors of Huntingtown township. The Board of Auditors had disallowed certain Orders issued by the Board of School Directors, and paid by Mr. Gardner, as Treasurer, amounting to \$282 11, from which decision defendant appealed. Under the instructions of the Court the Jury rendered a verdict for defendant—it being the duty of the Treasurer to pay all properly authenticated Orders issued by the School Board. The Auditors erred in disallowing them.

Bernard Derive vs. Samuel Ferguson—Appeal from Judgment of Justice of the Peace. Defendant claimed the status of limitation in bar of Plaintiff's claim. Plaintiff failing to bring his claim within the statute, Judgment for Defendant under the instructions of the Court.

Simon S. Bishop vs. Littlestown Railroad Company—Appeal from award of Viewers, the action being for damages by the Littlestown Railroad passing over lands of Plaintiff. Verdict for Plaintiff for \$236 50.

Titus S. Eckert was divorced from Catherine Eckert, on application of the former—the respondent, Catherine Eckert, to pay the costs.

Commonwealth vs. Geo. Fleming, John Martin, John Dixon, Joseph Linglefelter, Charles Martin, Peter Miller, Geo. Owens. Indictment for Riot at New Oxford on night of Dec. 28, 1853. Verdict—Guilty. Court sentenced Joseph Linglefelter to 1 year imprisonment in County Jail; Geo. Fleming, John Martin, Geo. Owens, and Charles Martin, 9 months imprisonment; Peter Miller and John Dixon, 6 months imprisonment. All the defendants to give security to keep the peace for three months after the expiration of imprisonment.

Commonwealth vs. John Meckley. Assault with intent to Ravish. Jury called, but the Prosecutors, C. Matilda Meckley, failing to appear, a verdict of Not Guilty was rendered.

Commonwealth vs. Henry Bitter. Furling liquor on Sunday. Verdict, Guilty. Motion for a new trial.

Commonwealth vs. Henry Bitter. Willful furnishing liquor to persons of known intemperate habits. Verdict, Guilty. Motion for a new trial.

Commonwealth vs. Henry Brown. Assault and Battery upon Mary Cramer. Verdict, Guilty—and sentenced to three months in the County Jail, to pay a fine of ten dollars and the costs, and give security in a bond of \$100 to keep the peace for one year.

Commonwealth vs. Mary Shultz. Perjury on the information of Margaret Gradel. Bill ignored by Grand Jury, and Prosecutors ordered to pay the costs.

Commonwealth vs. George Mihm. Malicious Mischief, on information of George Folk, (Union township). Verdict, Not Guilty—County to pay the costs.

Commonwealth vs. Alfred Palm and Margaret David, (both colored). Larceny of property of Mrs. Shultz. Verdict, Guilty as to Palm—Not Guilty as to David. Palm sentenced to solitary confinement at hard labor in the Eastern Penitentiary for one year and three months, and pay the costs.

Commonwealth vs. Abraham Trostle—Assault upon Emanuel Ziegler, of J. Verdict, Guilty, and Defendant to pay a fine of five dollars and the costs.

Commonwealth vs. Emanuel Ziegler, of J. Surety of the Peace, on oath of Abraham Trostle. Court dismissed the case, and Prosecutors, Abraham Trostle, to pay the costs.

Commonwealth vs. Abraham Trostle. Surety of the Peace, on oath of Emanuel Ziegler, of J. The Court dismissed the case, and ordered the Defendant, Abraham Trostle, to pay the costs.

Wm. K. Gallagher was appointed Tip Stave, in place of Hugh M. Craig, deceased.

Court adjourned on Saturday morning.

A HORSE TURNED DRIVER.

On last Wednesday, a farmer drove his horse and wagon into the rear of McClellan's Hotel—unhitched and tied the animal to the wagon to feed. The horse, as though not satisfied with this, stepped up into the wagon box, and took his dinner there—signifying that he had acted horse long enough, and now desired his master to occupy the shafts in return. But, a crowd of wondering and amused persons collecting to witness this altogether novel "exhibition," his horse became somewhat astonished, and deliberately stepped out of the wagon, taking his usual place, beside the wheel. The top of the wagon-bed was nearly as high as the horse, and it is marvellous that he got up and down without injury to himself or the wagon.

There is a difference of opinion as to the horse's "motive" for taking position on the wagon, some supposing that he was frightened into the act by the whistle of the locomotive, and others that it was a natural desire to "put away" the provender he discovered there.

FATALITY AMONGST CHILDREN.

We regret to record the fact that during the past and present weeks a virulent form of measles has prevailed in our town and neighborhood. In numerous instances medical treatment the most experienced and skillful has been unavailing to break the power of the malady, and prevent a fatal termination of the attack. We hear of many deaths of this disease—three in one family. In others or respects our town is remarkably healthy.

—Hanover Spectator.

SOMETHING NEW.

Our lady readers are supposed to be as ready to read the "local" or "home" column of our paper as any other part, therefore we notice here a new institution for their benefit which has been lately brought into vogue in New York city. It is a mysteriously combined corset and bustle and skirt-supporter, all in one piece, the invention of an ingenious Frenchman in this country, for which a patent was granted last week. It is a corset with a basque prolongation, which is flaring and stiff with whalebone for a bustle. This arrangement is handier to manage, more comfortable to wear, and looks better under than any other; it makes the bustle become a portion of the figure, and gives the possibility of a display of elegance of figure, if the wearer has any. Detachable shoulder straps complete the garment.

The property lately owned by John GARRIS, Esq., located between the Hagerstown and Chambersburg roads, has been sold by the agent of CONRAD BAKER, Esq., to JOHN HOUCK, Esq., and Hon. EDWARD McCLELLAN, for \$2,000.

LITTLETOWN RAILROAD.

EXTRACT FROM REPORT OF THE PRESIDENT AND DIRECTORS OF THE LITTLETOWN RAILROAD COMPANY TO THE STOCKHOLDERS, presented to them Monday, the 10th day of January, 1859, showing the entire cost of its construction from the time of its commencement to the present period, with an exhibit of the cost of working it during the past six months, and its earnings during that period.

On the 1st of July last Trains commenced passing over the road for the conveyance of freight and passengers—it has consequently been in operation six months. During these six months there has been a total production of business of every description, not confined to a single neighborhood, but felt deeply in every community. The grain crops of the past season almost an entire failure—this failure bringing with it the country among those who are the main props and supports of Railroads a scarcity of money almost unprecedented. Improvements in building, in enriching the soil, indeed of every kind, have received a sudden check. The iron business, on which the earnings of this road are in a great measure expected to depend, has suffered perhaps more than any other. The continued rains of the past two months, with occasional freezing and thawing of the ground, have left the country roads in such a miserable condition as to render it almost impossible for farmers and others to bring their produce to market, and take with them in return time, coal, lumber, or other articles of this description, carried over the road. This, therefore, readily accounts for the falling off in the earnings of the road during the months of November and December. Thus whilst everything seems to have combined to create difficulties in the way of the earnings of this road during its short existence, the result is such during this period, as to inspire its friends with hope, that as business revives and prosperity once more smiles upon the land, it will share in the general prosperity and meet the expectations of its most sanguine friends.

Littlestown will for years to come continue to be a very important point for the sale of lumber and coal, and it is the opinion of men of experience and good judgment that the transportation of coal, lumber, and iron ore, over the road will alone realize more than sufficient to pay the expenses of working the road and the interest on the debt; so that with a liberal indulgence on the part of its creditors, an economical and judicious management on the part of the directors, and a reasonable interest and encouragement from the Stockholders and the community generally, the Littlestown Railroad will yet prove that benefit and advantage to the neighborhood which induced the undertaking of it.

By order of the board,
WM. MCSHERRY, Pres't.

OUR NEIGHBORS.

The new Methodist B. Church in Huntingtown was dedicated yesterday week. The attendance, of all denominations, was large. The edifice is of good size, and creditable to the congregation. Several other new buildings were put up in that place last season, in good style—and it is to be hoped that this spirit of enterprise may continue to manifest itself. There was talk of a switch from that place to the Gettysburg Railroad—distance about 11 miles—but whether in real earnest, we are not prepared to say.

In Petersburg, (Y. S.), handsome improvements are also noticeable. The (iron-front) store building of Mr. JACOB A. GARDNER is nearly completed; Mr. EPHRAIM HERRSCHER is doing, and now occupied by him; Mr. ARNOLD GARDNER's new house is one of the best in the county, with highly ornamental and attractive grounds. The new School House is finished, and the schools have been removed into it. Mr. MOUT has had built a fine addition to the York Springs buildings.

The planet Venus can now be distinctly discerned in the day time, when not obscured by clouds. It passes the meridian about 10 o'clock, at an elevation of a few degrees higher than the sun at mid-day.

The Wrightsville, York and Gettysburg Railroad Company have declared a dividend of \$1 10 per share for the past year, payable on and after the 15th inst.

Rapid Improvement of the Indian.—The editor of the Portland Transcript has been on a tour with other Maine editors to the Aroostook region. The following brief conversation with one of the Aborigines of that region are making great advances in civilization.

One old Indian who approached our party was greatly puzzled as to our character.

"You Engli-limon?"

"No."

"You Commissioners?"

"No—editors."

"Light, you make newspapers?"

"Learned men; have great minds."

A humorous old man fell in with an ignorant and rather impertinent young minister, who pronounced in very positive terms, that he would never reach Heaven unless he was born again and added:

"I have experienced that change and now feel no anxiety."

"And have you been born again?"

"Yes, I trust I have."

"Well," said the old gentleman, eyeing him attentively, "I don't think it would hurt you, young man, to be born once more."

A Pungent Dialogue.—Grocer—"Mr. Editor, I'll thank you to say that I keep the best groceries in the city."

Editor—"I'll thank you to supply my family with groceries gratis."

Grocer—"I thought you were glad to get something to fill up your paper."

Editor—"I thought you were glad to fill up store rooms for nothing. It's a poor rule that won't work both ways."

Exit grocer in a rage, threatening to hit the paper.

Tough Story.—The London (C. W.) Free Press has a rather tough story about a Mr. Gaston who runs a mill in that neighborhood. He was standing beneath a trap-door when a sack of wheat fell from an upper story directly upon his head, dislocating his neck!

He immediately raised up his hands, seized his head, and pulled it into place as a workman who "heard the bones snap into their sockets" will swear. Mr. Gaston is supposed to be as sound as over.

I plows, I sows, I reaps, I mows, I gets up wood for winter, I digs, I hoes, and tators grows, and for what I know, I'm indebted to the printer. I do suppose all knowledge flows right from the printing press, so off I goes, in these 'ere clothes, and settles up—I guess.

A tolerably good looking horse was sold at auction in Weehoon on Wednesday, for the enormous sum of 774 cents. When it is taken in consideration that it cost \$1.75 to sell the horse, we don't think the operation paid.

Correct Information not Always a Reply.—A stutterm was asked the way to Waterbury. With great politeness he strove to say it was ahead, but in vain; the more he tried the more he couldn't. At last, red in the face, and furious with unavailing exertion, he burst forth with "Gug-gug! you'll g-g-got there before I c-c-c-can tell you!"

A colored sailor, who was shot in the forehead some months ago, the ball entering his brain, from which it could not be extracted, was discharged from the Philadelphia Hospital a few days since, and immediately shipped on board one of the packets. He is now at sea with the bullet yet in his brain. The case is certainly a remarkable one, probably without a parallel.

"What have you done to further human progress," asked a sentimental philosopher the other day of Jenkins. Jenkins replied was clear and decisive. "I've seven boys and two girls."

The philosopher departed, and for the first time in his life thought.

He that hath a trade, hath an estate, and he that hath a calling, hath a place of profit and honor. A ploughman on his legs is higher than a gentleman on his knees.

Mr. S. made in a single piece 75 feet, or 25 yards of sausage, using the trimmings or sausage meat of two porkers weighing 460 pounds. This, we should say, is a great extension of the pork business.

An old farmer, whose son had died lately, was visited by a neighbor, who began to console with him on his loss.

"My loss," said the father,—"no such thing—it was his own loss—he was of age."

Chemical Fact Familiarized.—It has been discovered that bread can be manufactured out of wood. Long before the discovery was made, old wood was known to have a grain in it.

A Simple Remedy.—It is said that a roasted onion bound upon the wrist, on the pulse, will stop the most inveterate toothache in a very few minutes. Worth trying.

Porter's Spirit of the Times has an account of a dreadful old fellow, who "would rather tell a lie on six months' credit, than tell the truth for cash."

The person who "stole a march," has been put in the same cell with "Procrastination, the thief of Time."

In order to live justly, and be respected, we must refrain from doing what we blame in others.

He who hates his neighbor is miserable himself, and makes all around him feel miserable.

"That's the rock on which we split," as the man said to his wife, when asked to rock the cradle.

"Business before pleasure," as the man said when he kissed his wife before going out to kiss his neighbor's.

The purest joy that we can expect in this life is to see that we are a source of happiness to others.

"I know," said Tipsey, "water is a fine thing, but so dreadful thin!"

Howard Association.
PHILADELPHIA.—A Benevolent Institution established by Special Endowment for the Relief of the Sick and Distressed, afflicted with Chronic and Epidemic Diseases. In times of Epidemics it is the object of this Institution to establish Hospitals, to provide Nurses, Physicians, Clothing, Food, Medicine, &c. for the sick and destitute, to take charge of the orphans of deceased parents, and to minister in every possible way to the relief of the afflicted and the health of the public at large. It is the duty of the Directors, at such times, to visit personally the afflicted districts, and to provide and execute means of relief. Numerous physicians, not acting members of the Association, usually carry their names on its books, subject to be called upon to attend its hospitals, free of charge.

In the absence of Epidemics, the Directors have authorized the Consulting Surgeon to give advice and medical aid to persons suffering with CHRONIC DISEASES of a virulent character, arising from abuse of the physical power, mal-treatment, the effects of drugs, &c. &c.

Various REPORTS and TRACTS on the nature and treatment of Chronic Diseases, by the Consulting Surgeon, have been published for gratuitous distribution, and will be sent FREE OF CHARGE to the afflicted.

Address, for Reports or treatment, Dr. GEORGE H. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

The Great Wonder.
OF THE NINETEENTH CENTURY.—PROFESSOR WOOD'S HAIR RESTORATIVE.—Says the Louisville (Mo.) Democrat: Below we publish a letter from Dr. Wood of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, MAINE, Jan. 20, 1856.
Prof. Dr. J. Wood & Co., Gentlemen:—

Having my attention called a few months since to the highly beneficial effects of your hair restorative I was induced to make application of it upon my own hair, which was becoming quite gray, probably one-third white; my whiskers were of the same character. Some three weeks since I procured a bottle of your hair restorative, and used it. I found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair now has its natural color and is becoming more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use your hair restorative will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the reputation of nature as well as to preserve myself. I am, truly, yours,

The Liver Invigorator.
PREPARED BY DR. SANFORD, compounded entirely from GUMS, is one of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, purifies the blood, and more effectually than any medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build up with unusual rapidity.

The Liver is one of the principal regulators of the human body; and when it performs its functions properly, the system is fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the whole system suffers in consequence of one organ—thus, the Liver, having ceased to do its duty.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has, but to try a bottle, and conviction is certain. These Gums remove all morbid or bad matter from the system, supplying in their place a flow of pure blood, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures CONSTIPATION.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonsful will always relieve Stomach and Liver troubles.

One dose taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholera, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for a few days removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives tone to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHœA in its worst forms, while Stomach and Bowel complaints yield almost to the first dose.

One or two doses cure attacks caused by Worms in Children, and is a safer, safer, or speedier remedy in the world, as it acts fast.

A few bottles cured Rheumatism, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chills, Fever, and all other of a Bilious Nature. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

The Liver Invigorator is a scientific medical discovery, and is daily working cures, almost too good to believe
